1. Please describe this person's greatest strengths as a Instructional Assistant.

Please keep your comments constructive and professional, abiding by the Principles of Community

- He is very patient, and caring. He actually takes the time to sit down with you and explain to you the things that you don't understand, even if it takes you a while to understand or he has to try explaining in multiple different ways.
- Phillip is always prepared for quiz reviews. Personally, Phillip's quiz review sessions helped the most out of all the other TA's quiz review sessions. His notes were very clear, and he structured it so that it is similar to the quiz.
- Really interested in the topic and even if he doesn't get it right away he'll keep at it
- The quiz review problems he selected and the notes he prepared (including the solution) were extremely helpful for understanding the concepts we've learned and preparing the weekly quizzes. He also made sure to upload these notes on Canvas and respond to Piazza queries in a timely manner.

2. Please describe this person's greatest weaknesses as a Instructional Assistant.

Please keep your comments constructive and professional, abiding by the Principles of Community

- Lack of experience, just keep at it you're good at teaching and most importantly enjoy it.
- Very minor detail, but I think it would be better if Phillip tries to explain more of the smaller steps. I understand that some parts of the problem can be done in your head, but as someone who is learning it for the first time, I sometimes got lost during Phillip's explanations.

3. Please detail other characteristics of the Instructional Assistant (if applicable).
Please keep your comments constructive and professional, abiding by the Principles of Community

- Really kind and relatable that wants to help as much as possible.

4. I would recommend this Instructional Assistant to other students.
